

Roll-A-Coaster Mobile Roll Handling Equipment

Cradled Roll Handling Cart by Aztech

The Aztech Roll-A-Coaster cradle mount material handling cart is designed to allow you to effortlessly move and stage rolls of material in any work environment. These robust units capable of transporting rolls of material up to 1500 lbs. (681 kg) each. Units can also be coupled together to accommodate heavier and wider rolls of material. The 360° heavy-duty casters and rigid welded steel construction are proven to provide years of safe & dependable service. Feel free to contact us for your unique roll handling applications as our engineering staff is available to customize the Roll-A-Coaster to suit your precise needs.

AAA Press International is an authorized distributor of Aztech products.

Roll-A-Coaster features:

- Cradled design to accommodate virtually any roll diameter
- High precision, sturdy 360° casters offer extreme mobility and effortless operation
- Standard dimensions are 25" long x 20" wide x 8.5" high
- Rugged all-steel welded construction provides many years of service and worry-free operation
- Completely customizable
