

LIGHTTOUCH™

The Cure All

* Pro-cure UV curing systems

The LIGHTTouch™ *Pro-cure UV Curing System is an analog controlled, value priced electronic controller. *Pro-cure UV systems are ideal for use in simple varnish, adhesive and coating applications that require consistency, reliability and simplicity. The *Pro-cure line can be configured up to 4-colors and includes a standard 1 year/1,000 hour warranty against defects in materials and workmanship.

- Manual push-button analog remote control with 15' cable.
- Three-stage manual operator intensity adjustment.
- Available in 400 & 600 WPI analog controllers
- Compact, portable control panel on heavy duty casters.
- Optional "Cool UV" lamp assemblies incorporate cold and hot mirror dichroic technology along with auto-dampener automatic air flow controls for consistent heat management at the web.
