

Increase Your Pressroom Productivity by Adding New Life to Your Anilox Rolls

Ultrasonic Cleaners for Laser Engraved Ceramic Anilox Rolls

SS-2800 ULTRASONIC ANILOX CLEANER

This single turner cleaning system will clean rolls with face lengths of up to 10". In most cases no gears or bearings need to be removed. One side of the anilox roll rests on the belt driving system; the other side rests on the infinitely adjustable slide bar system. This system is small enough and value priced for the smaller print shops.

Additional Configuration / Information:
