

Increase Your Pressroom Productivity by Adding New Life to Your Anilox Rolls

Ultrasonic Cleaners for Laser Engraved Ceramic Anilox Rolls

SS-6500 ULTRASONIC ANILOX CLEANER

The SS-6500 is the most popular cleaning system for laser engraved ceramic Anilox rolls. This dual turner cleaning system will clean rolls with face lengths of up to 18". In most cases no gears or bearings need to be removed. One side of the anilox roll rests on the belt driving system; the other side rests on the infinitely adjustable slide bar system. Coupled with other accessories this cleaning system can become very efficient and multifunctional.
